

## Product Data Sheet

### **Description**

**Nexus HD Compressor Oil** is specifically engineered to enable smooth and seamless operation even at elevated compressed air temperatures. Formulated with superior additives to provide low foaming properties, great oxidation and thermal stability, excellent rust and corrosion resistance, as well as impressive water separation properties.

### **Applications**

**Nexus HD Compressor Oil** is recommended for air and other non-aggressive gases compressors, piston compressors, lamellar rotary compressors, screw compressors, and water pumps

#### **Benefits**

- Smooth operations even when they are exposed to extreme working conditions and elevated temperatures
- Impressive anti rust and anti corrosion abilities
- Superior demulsibility and low foaming properties
- Formulated with special additives to protect and preserve machine parts exposed to heavy loads
